

MAKE LOVE... HAVE SEX...

EXPERIENCE
SEXUAL
WELLNESS.

HAVE THE BEST OF BOTH WORLDS

Time steals from us every day. It weakens the body and mind and dulls the senses. But, every once in a while, an opportunity arises to slow down time and recapture what it has stolen. And to experience, once again, the kind of sexual performance, stamina and the pleasure you were once capable of all the time.*

Prelox® is a remarkably new effective dietary supplement that can help most men achieve sexual

wellness.* Prelox® can help recapture the sexual pleasure and passion time diminishes.* And Prelox® does it safely and naturally, with out the sometimes-dangerous side effects prescription medications for ED can cause.

Prelox® has been clinically proven to increase the ability to achieve and sustain male redgidity.* † It can help revitalize your sexual performance, put an end to performance anxiety, restore your confidence and achieve the kind of pleasure and satisfaction you thought were no longer possible.* Both for yourself and your partner.

Prelox® can help you make love longer, better. And that means it can enable you to experience once again, in all its sublime passion and the pleasure and ecstasy, one of the greatest joys of life.*

Sexual wellness and fulfillment.
